                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  |  |  |  |  |  |  |  |  |  |  |  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |  |  |  |  |  |  |  |  |  |  |  |  | 【①.事業の成果・進捗状況】<br>がん検診の受診対策として、無料クーポン券の送付、隠岐病院での個別検診・環境保健公社による集団検診を実施し受診しやすい体制に努めた。健康増進事業としては、島根大学の協力を得て特定健診時の追加健診を実施し、地区健康教室等を通じて報告・啓発に取り組んだ。令和2年3月に予定していた地区の健康教室については、新型コロナウイルスのため中止した。脳検診は100名が受診した。 |   |                        |  |   |   |                |   |   |   | 事業所健診の受診状況等について小規模事業所への実態把握・啓発のための訪問等の活動を行う。<br>事業所健診後の精密検査対策として、健診後の結果説明や保健指導について、モデル事業所と連携して実施する。                                                   |                                                                                                          |  |   |  |
| 【②.事業の課題】<br>成人期の課題として、がんの年齢調整死亡率（他自治体との年齢構成の違いを調整し比較した指標）が高く、特に肺がんが高い状況にあり、検診及び精密検査の受診勧奨が必要である。また生活習慣病として循環器疾患や糖尿病の罹患の多さが課題となっており、働く世代の健康への支援が課題である。                                                   |   |                        |  |   |   |                |   |   |   |                                                                                                                                                       |                                                                                                          |  |   |  |
| 【③.事業の必要性・今後の方向性】<br>働く世代の健康については、事業所との連携や支援により、がん検診・事業所健診の実施についての実態把握と、健康管理の重要性についての啓発、喫煙や飲酒に関する生活習慣への取り組みの継続が必要である。また、糖尿病を含めた生活習慣病予防については、健診の受診勧奨や健康教室等を活用し、予防対策を継続する。                                |   |                        |  |   |   |                |   |   |   |                                                                                                                                                       |                                                                                                          |  |   |  |
| 【④. 二次評価】                                                                                                                                                                                               |   |                        |  |   |   |                |   |   |   |                                                                                                                                                       |                                                                                                          |  |   |  |
